Subject: Curtailment Compliance Forms and Resources

The State Water Board's [Water Right Form and Survey Submittal Portal](#), which is used to submit the Compliance Certification Form and other forms related to the August 20, 2021 Order Imposing Water Right Curtailment and Reporting Requirements in the Sacramento-San Joaquin Delta Watershed (Order), is experiencing a high volume of traffic. Please be patient when logging into the Portal.

Please submit your forms as soon as possible, but if you need additional time due to Survey Portal issues the Deputy Director of the Division of Water Rights has authorized an extension to the deadlines to submit the following forms:

- **Compliance Certification Forms may be submitted by September 10.** This form is required for all users, regardless of whether or not your water right is currently curtailed. This form takes only about 5 minutes to complete.
- **Non-Consumptive Use Exception Forms may be submitted by September 17.** This form is only required if you are applying for an exception to curtailment.
- **Human Health and Safety Exception Forms may be submitted by September 17.** This form is only required if you are applying for an exception to curtailment.
- **The first Enhanced Reporting of Prior Diversion and Projected Demand Forms may be submitted by September 17.** This form is only required for rights that divert 5,000 acre-feet or more annually. Future Enhanced Reporting Forms will still be due by the tenth day of the month.

Except for the foregoing changes, the curtailments imposed by the Order remain in effect and unchanged, and this does not affect your obligations to comply with them.

The [Delta Drought website](#) includes multiple resources to assist you in completing these forms:

- Tutorial videos showing how to fill out each form and check the curtailment status of your right or claim (under the Announcements and Reporting Requirements and Resources headings)
- A recording of the August 31 Curtailment Compliance and Response Assistance Webinar (under the Announcements and Previous Events and Actions headings)
- Reference guides on the emergency regulation, curtailment orders, and reporting requirements (under the Reference Guides heading)

If you have any additional questions, please email us at Bay-Delta@waterboards.ca.gov or leave us a voicemail at (916) 319-0960.
